From the Cleveland Herald of March 28.

The orthography of the Worcester Dictionary is that used by most, if not all, anthors of distinction in this country and England, and conforms to the general usage of ordinary writers and speakers.

Whatever prejudices may have existed previously, a careful study of this volume will invariably be followed by a warm appreciation of its great merits, and a desire to add it to the well selected library, be it large or small, It is a library in itself, and will remain an imperishable record of the learning of its compiler.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, dis-ordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed it seems to be the rod of Him who says, "! will visit the iniquities of the fathers upo

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in he lungs, liver, and internal organs, is termed bercles; in the glands, swellings; and or the surface, eruptions or sores. This foul cor-ruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous com-plaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the ystem. Most of the consumption which de ates the human family has its origin directly this scrofulous contamination; and many extructive diseases of the liver, kidneys, brain nd, indeed, of all the organs, arise from or e aggravated by the same cause.

One quarter of all our people are scrofulous; heir persons are invaded by this larking in-ection, and their health is undermined by it. cleanse it from the system we must renovat the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

Hence it should be employed for the cure of not only Scrofula, but also those other affecons which arise from it, such as Enuprive and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, OF ERYSIPELAS, PIMPLES, POSTULES, BLOTONES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, thermatism, Syphilitic and Mercunial Dis-asis, Duopsy, Dyspepsia, Desility, and, , ALL COMPLAINTS ARISING PROM VITIA on Impurity of the blood" is founded in trath, scrofula is a degeneration of the blood. Ague Cure,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Billous Headache, and Billous Fevers, indeed for the whole class of diseases originat-ing in billary derangement, caused by the Malaria of Missmetic Countries.

We are enabled here to offer the community remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in district where these afflicting disorders prevail. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the deand Aque from the system, and prevents the de-velopment of the disease, if taken on the first ap-proach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Feven and Aque prevails, every body should have it and use it freely both for cure and proterion. Agreat superiority of this remedy over any there ever discovered for the speedy and certain ure of Intermittents is that it counties no Quining r mineral, consequently it produces no quinism of other injurious effects whatever upon the constitu-tion. Those cured by it are left as healthy as it they had never had the disease.

Fever and Ague is not alone the consequence of he minematic poison. A great variety of disc

dera arise from its irritation, among which are Neuralgig, Rhoumatism, Gout, Headache, Blind-ness, Todinache, Earache, Calarch, Asthony, Fak upe, or become periodical. This "Cren" e he poison from the blood, and consequently hem all alike. It is an invaluable protection them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. It taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this even all effects.

An Excellent Order.

The following excellent general order from Gen. McDowell, which ought to be impressed upon the mind and memory of every soldier of the national army, was read to each regiment this morning, and received with acclamation:

HEADQUARTERS DEPARTMENT OF VA., FAIRFAX COURT HOUSE, July 18, 1861 GENERAL ORDER NO. 18. It is with the deepest mortification the Gen-eral commanding finds it necessary to reiterate his orders for the preservation of the property of the inhabitants of the district occupied by

the troops under his command. Hardly had we arrived at this place, when, to the horror of every right-minded person, several houses were broken open, and others were in flames, by the act of some of those who, it has been the boast of the loyal, came here to protect the oppressed and free the country from the domination of a hated party. The property of this people is at the mercy of troops who, we rightly say, are the most intelligent, best educated, and most learning of the property of the most intelligent. law abiding of any that were ever under arms. But do not, therefore, the acts of yesterday cast But do not, therefore, the acts of yesterday cast the deeper stain upon them? It has been claimed by some that their particular corps were not engaged in these acts. This is of but little moment; since the individuals are not found out, we are all allke disgraced. Commanders of regiments will select a commissioned officer as a provost-marshal, and ten men as a police as a provost-marshal, and ten men as a police force under him, whose special and sole duty it shall be to preserve the property from depredations, and to arrest all wrongdoers of whatever regiment or corps they may be. Any one found committing the slightest depredation, killing pigs or poultry, or trespassing on the property of the inhabitants, will be reported to head quarters, and the least that will be done to them will be to send them to the Alexandria jail. It is again ordered that no one shall arrest or at is again ordered that no one shall arrest or at is again ordered that no one shall arrest or attempt to arrest any citizen not in arms at the
time, or search or attempt to search any house,
or even to enter the same without permission.
The troops must behave themselves with as
much forbearance and propriety as if they were
at their own homes. They are here to fight
the enemies of the country, not to judge and
punish the unarmed and defenseless, however
guilty they may be. When necessary, that will
be dene by the proper person.
